

## “The Wilting Man Project”

### Who We Created This To Attract:

- (1) If you sweep up at Wal-Mart part-time, drive a truck and maybe don't have access to a PC all the time, you fit here. If you have grandchildren and want a side income and something that you would not be embarrassed to show your kids, we are your perfect solution. Keep reading.
- (2) If you secretly used to love old Dexter Yeager audio tapes and know who GARY HALBERT is and know who Glenn W. Turner is, you'll freak over *this* program.
- (3) If a \$1,341 price point doesn't give you the shakes (because you don't have two dimes left) and you think a \$700 commission in cash is incredible, keep reading.
- (4) Pop Quiz: Who is Earl Nightingale? \_\_\_\_\_
- (5) If you are “all thumbs” on the internet and would enjoy something mail-order like a post-card or little biz cards and classified ads, but also appreciate that we also teach fifth degree black belt level social media—welcome abroad!
- (6) If you are tired of virtually zero duplication in your MLM program and looking to earn an honest \$1,000 to \$10,000 per month and would like to earn \$2,000 for sharing our program with just one (1) person, versus having to build a big downline, just to earn \$2,000—get excited!
- (7) Does the “get rich quick” language many use unsettle you? It does me. Does the PROMISE of a fast FT income appear like a lie to you? It does me. We often speak about MIND SET and seldom money. Only because those who constantly speak of “money” rarely have any and/or they are playing on people's greed factor.

### People I Personally Seek To Ignore:

- (1) Young men ages 18-29 who have 3-5 computers on their desks and who spam Millions of people per day with “I am rich follow me for easy money.” —You are certainly not our market. Please **TEAR** this invite letter up now.
- (2) Does your cell phone have an automated message and *your voice is not used*? If so you have proven to have a low volume of emotional intelligence and chances are you can't even stand speaking to people. This is not for you.
- (3) If I googled your name or went on You-Tube and you were visibly a program “jumper” we *are not for you*. Those types sucker people into deals and then leave their flock **AFTER** they fleece them for thousands of dollars.
- (4) If you have a large downline *this is not for you*. Simply because we will distract your people because they will end up wanting to focus *here* more than your “hot new” MLM.
- (5) If you don't know who Wallace Wattles is or ever read the MASTER KEY by Charles Haanell, *this is not for you*. Pop quiz: Ernest Holmes? Ever read his books?
- (6) If you are broke we can not help you. Broke people are scary because they believe then that everyone else is broke as well and therefore have a **defeating forward existence**. Also, people with NO credit cards should be warned that our membership is 48 per month and requires a CC card.
- (7) If you would ever take \$2,000 for something you sell on line and the fact that the buyer *wanted to speak to you first*, **if** that would **annoy you** and you prefer something more “automatic,” you are without a doubt **not** welcome here.

## RECITE DAILY

---

I am who says I am. I am love and light and I am all He said I am. I am ten feet tall and bullet proof. I will not be denied. I am 100% abundance and Wealth. Money is my tool and my mind is my devise. I use **the energy of other people** to circulate a positive influence on 10,000 lives in America, yes I am and yes I do and yes *I am all mind*.

Founder / Joe Schroeder Buried The Words, "I Can't"

### Read This Page Aloud for 120 Days or Until You Are 10 Feet Tall and Bullet Proof

I am bigger than the grand canyon. I was made with the faculties of God, in His image and I am more than the oceans and stars combined. Because I am in His image and I am all humility, courage and I stand over money and command it and I stand FAR ABOVE any fears. I use words that have NO DOUBT.

---

## It's a Social Obligation: The Opportunity is Now Each Other and No Longer in The Work-Farce Revolt Now! Stand Together. Start Your Own Economy.

---

I am important. I read two books at once and I read at least 1-2 pages per day per book. I am of same mind as Lincoln, Einstein and He who made me. I seek not the popularity pool, nor do I seek reign over man, because I am a **law unto myself** and as such, to be on "top," *I am below and serve mankind*.

### Read This Page Aloud for 120 Days or Until You Are 10 Feet Tall and Bullet Proof

On (date) \_\_\_\_\_ **I gave self** the permission to "be" and think like a person who earns \$100,000 *per day*. I finally decided to "be" love and to be a teacher of WISDOM for MILLIONAIRES. No one can pay me for what is my birthright. I need not one dime to validate my perfection, ease and guided light into mankind, as I demonstrate self control, self strength and silent power. I am no longer pulled around by the nose by any man or woman, and I am light FROM HIM who made me, into the world. I have BURIED the words, "I can't" and I will teach 100 people minimum to also BURY the words of shame and "I can't" and I will be a blissful soul, of, **WISDOM for MILLIONAIRES**.

When you “own” your own MIND you decide to **create your work** and never have to ask another man for a wage and follow his tail as he gets wealthy while *you do his work* at a job. Naturally, this “tall thought” procedure works faster for ladies. They are more intuitive. The mental minnow sits and is influenced by the roaring Giants who have INFLUENCE. Decide now to reverse the “what will I do now” trend of low mind and become so lit with belly fire that you, yeah you, can change the will of almost all who enter your mental kingdom of influence. Only for good. You will need an hour a week to study with our live support group via live weekly tela-seminars. Be stunned!

### About My Latest Post-Card

1: This is the most mesmerizing post-card and ad people have seen in years.

2: It will gather 1,000s of sales.

3: Only those who order my \$1,341 package can use this post card.

4: MILLIONS of people have been ignored who are not fancy internet types. My mail-order system will really help them.

5: I can not help the broke people. I can only help people who are business types, like me and who have money to market with.

6: You don't have to advertise GET RICH quick “I made \$10,000 last night” type bull crap ads and lie to people to make significant money.

7: My ads DON'T promise money because I learned that there are average real honest people out there that appreciate a PRODUCT that is personal power instead of get-rich con games.

8: Again I have created a market system un-like anything anyone in MLM has ever seen.

# “The Wilting Man Project”

---

## Old Proverb:

“He who can conquer his own spirit is wiser than he who gathers his own city.”

Like mental minnows being swept by the swoon of the oceans constant pull of the tide, man is being swept further and further into the empty clutches of internet. And all you need to do is fly off to some \$5,000 seminar or give some stranger \$7,000 to \$10,000 and you’ll be rich for the rest of your life.

Yeah right. Now what do they say, “Desperate people make desperate decisions” which is akin to, “a fool and his money often separate.” The fact is, at the end of the day, many is wilting. He has been ignored on the job, if that is he still even has one and on TV, dad is has been portrayed as the boob. Study shows like “Friends” or old Roseanne or any sit-coms *about family* and there he is, the moron **TV** calls dad.

Today no money in the world can save him. Give and spend as he may, he can buy every get-rich-program there is. But he can still *not* bring himself to stand tall and be confident enough to ANSWER questions, place his own ads or even willfully that admit he is [just] brand new and part-time. Why? Because he is wilting and his self-image has gone thy way of an afraid little social media rat.

Elvis died fat and almost broke. Imagine the “King” with barely a Million to his name. Michael Jackson died in what many would call shame. Why? How? Because you can gather the city and own the stage, but if man doesn’t win over his OWN spirit **he** has virtually **nothing**. Then there’s Michael Eisner who does oriental Ti-Chi at five a.m. and Paul McCartney —the health nut—*who are Billionaires*. **But why?**

Funny how what man does alone all by himself, as he bolsters his own self spirit, predicts his future. Those of yester-year (say back in 2005 and 2007) who called themselves “Internet Rock Stars?”

My, my. **Where** did those “Big names” go? It’s easy. Because they failed to master SELF other “selves” decided they ultimately were not who they portrayed themselves to be and not fit for leadership. At the end of the day, the Million Mind March sells people back to themselves. At the end of the day, until you can win yourself over—you will be “found out” and left with almost no one interested in you. Except for the wolves who can smell your fear and use the oldest gangster trick in the book. Greed and promises of instant income salvation. And there he goes. *Another man taken for a ride and now closer to foreclosure*. Think twice before you leap. Make sure as you land there will be people **left standing** to support you.

# **Your Rights As a Free Thinker & Statues of Liberty**

## **What We Believe As a Body of People and World Changers**

We believe that God is larger than any single religion.

We believe that work is only work when you wished you were somewhere else.

We believe that what you give away you always get to keep.

We believe that the 97% who fear wealth and are embarrassed to seek riches are employed by the 3% who are not. We see those who do not seek financial freedom as weak, un-common and as socialists.

We believe in reading books for a living and being free to earn \$100K monthly sitting home.

We honor, seek as mentors and study people like Oprah Winfrey, John Lennon, The Grateful Dead and Bob Dylan. These icons were able to make a world difference simply by not conforming, by bucking the system and who became famous for their thoughts, poems and who made a lifestyle as free thinkers who were teachers more than performers. We seek our own individual freedoms as teachers.

We believe that you make your own character while other people make your reputation. As such, we believe that what you do to other people, God does back to you. **Not sexy.** But raw and sheer wisdom.

We believe that the new opportunities surrounding ourselves, as a [people], no longer reside with the country club types, their banks or their corporations. We used to trust in the 401K and now put our trust and our investments, into each other within our own “101K” which means we look after each other, #1.

→ *We believe and accept that the M-3 community can be considered “dangerous.” The last thing society as whole wants, is to teach you to earn amongst yourselves. That’s because what slave owner would allow his slaves to learn to read? None and what slave owner within the **work-farce** would applaud a freedom thinkers leadership camp like ours, that un-shackled and stole their employees, who are paid the least of their worth (in a traditional jobs) and recruited them here, at M-3 and taught them to think as they chose to think and to earn as much—literally—as they could imagine? No slave owner wants that.*

We believe in books and study great thinkers from an era long gone, [preferably] from a generation built on character versus a time today were personality and polish are the new world order. We prefer books written between 1886 and 1994, such as “If Life was a Game Here Are the Rules” versus new age books that declare individuals **as mini-gods**. We abolish the notion of greed through money because those who love money find out sooner or later that money and things. . . *that can not love you back bread sorrow.* We believe that true wealth is hidden in who you are before it resides in what you own or where you live and as such, we seek to build people because if you truly build people, *the people will build you.* Each of you are your greatest assist. ***In each other and through each other.***

We believe that poverty and debt is a **sign of ignorance** and an example of trying to possess things that you never earned and tried to possess using another man’s dollar. We believe in freedom from the bondage of debt and as such, decree and maintain a collective mind of prosperity; both in word and in daily demonstration of abundance. The words “can’t” or “can’t afford” do not fall from our

## Why Do People Buy \$3,000 and \$10,000 Programs on The Internet When The Same Information *Can Be Gotten Free at a Book Store?*

—Simple — They are buying what they perceive as a ticket to earn a living. The same as buying a lottery ticket.

### Why and How The Million Mind March is Different

(1) Most internet programs teach and sell, “Everyone who joins gets to go F/T, get rich and be wealthy.” Our USP (unique selling proposition) and message is totally from a different angle. We suggest that everyone is already “wealthy” and therefore no money on earth can set them free. Freedom is something you decide to demonstrate PRIOR to “buying” anything or doing. Success is being, not a doing. Madonna, Reagan and Einstein were rich **LONG before** *money found them*. Furthermore, we actively announce that better than 75% who order our entire library will never sell one to anyone and never make a profit.

Why? Because not everyone who joins our MASTER-MIND has the inclination to re-sell our library. Do you re-sell books you buy at Barnes and Nobles? No, you do not. When you join an MLM do you recruit 100's of people? Probably not. Joining this program is a ticket to self discovery. Nothing more.

Not a ticket to Las Vegas. Some re-sell and make money. Most simply enjoy the atmosphere. While this may not be “sexy” and what the normal approach in our industry is, we are one of the longest running programs that has existed since 1998. And now maybe you understand why and why we are legendary.

(2) If you expect a cut-n-paste 1-2-3 “**system**” to make you money and fast sales this we have purposely omitted. Simply because our job is to teach and as soon as you “define” the actions of wealth into a 1-2-3 model of action, people often cancel and erase themselves *away from prosperity* because someone else defined what should never be defined. Prosperity is a choice. It's an individual ideal and expression. *Not something to be confined to a set of steps that promises money or internet fame.*

(3) We are a living and breathing old fashioned BEN FRANKLIN and Napoleon Hill old school mind revival in the form of a MASTER-MIND. Spend a month with us INSIDE of our club. It's **no-charge** the first four weeks and forty-eight per month after that. If, in anyway, we have misrepresented this stunning display of MIND over Matter process—leave. Simple as that. You can re-sell at your own free will and earn nothing or earn what you are worth and what others are willing to trade with you. No promises. . . other than you will be UN-ABLE to remain after four weeks, **as you entered.** *You will change.*

## Franklin Founded the “Junto” Master-Mind in 1727 at Age 21

Why the Junto? *Because Franklin believed that part of the success equation was having other people, who were in precise harmony with your goals, to be there in a master-mind group to remind each other of their God given talents and rights.*

## The Free Thinkers Society & How and Why it Works”

### The Ben Franklin System of Renewal and Influence

- (1) The discipline of reflection is the discipline of renewal through self examination.
- (2) Franklin taught that to study your worst possible self would reveal your most highest potential.
- (3) That “environment” **preceded change** and therefore to change your life you altered your “space.”
- (4) Franklin created the JUNTO as a “space” whereby others **could rehearse their absolute best.**
- (4) You create a NEW MIND in order for new thoughts and new life *to find its way towards you.*
- (5) Franklin taught “mental progress” and collected like minds **to share pure thought un-ridiculed.**
- (6) Franklin reminded his club members that everyone is self-made. Not just Millionaires.
- (7) What wrote, “Poor Richards Almanac.” a self study course on life. An American treasure.
- (8) Franklin fiercely believed that without a club or Master-Mind you could not ***maintain*** any change.

### **The minds ineffectiveness is constantly being endorsed by society.**

That’s because all around you are people telling you, “won’t work, that’s silly, stay the same, that didn’t work for Uncle Harry, so it won’t work for you, knock it off and go back to buying lottery tickets, you aren’t smart enough to create something bigger for yourself.” To combat this distortion of reality, **Franklin created** an atmosphere for people to **re-train** their minds.
